By ARZIE L. PINCKNEY

Last Thursday was real Jan. weather, very cold and more snow. Built, we had 74 men out for a cup of coffee and a donut. But there was only one new recruit. We were happy to welcome Mr. L. Vern Wilson from Belmont with us. Vern was with us before but only as a visitor. And we hope that he will be able to be with us often.

We had a good report from most of our sick folks. But, we are sorry to report that Chas Schmid had a bad fall and broke his hip. This is something different than usual. This is the way we understand it. Charles is in the Osteopathic Hospital

He was operated on Wed. the 16th. Our prayers are with him.

We had a nice visit with Mrs. Guy Verburg on the phone and she tells us that he is able to go to the dining room with his wheel chair alone now.

We were sorry to receive this piece of news. The new address for Edward Jackson will be Box 2131 Farmington, New Mexico Zip 87401. He has sold his home and left Nov. 17. We will miss him. He is one of the few members left of the group that started Sparta's Male Senior Citizens 11 years ago, and we will be celebrating our 12th birthday Jan. 27. But we will remember Ed as a good

friend. He will celebrate his 92nd birthday March 11 next. We heard that Abe Dewilde was not feeling well enough to be with us but we understand that he is better so we hope that he will be with us Thursday. On April 1 Abe will celebrate his 94th birthday. Since the Lord took Grandpa Kobermit with him that makes Abe our senior member.

Jan. 6 was our birthday Thursday although there are 21 babies in Jan., only the following members answered roll-call. Howard Stevens, George Morrow, Steve Watkins, Clarence D. Powell, Cecil Day, Edwin Person, Arthur Saur, Albert Dykstra and Earl Jensen. All their ages totaled 1567 with an average of 74. Men and ladies don't forget the pot luck dinner Jan. 27 at noon. With your table service and a dish to pass, and that's the way it had to be Jan. 13.

Note: We were glad to welcome Rev. Earl Kragt, pastor of the Casnovia Reformed Church. We wish that more of our Ministers would find time to visit us.

News about 4-H

CHICAGO—The majority of today's youth will earn their livings either directly or indirectly from agriculture-related commodities, according to Chicago Board of Trade.

Young people will explore careers in the total marketing area of agribusiness—and increase their over-all knowledge of marketing—at the 26th National 4-H Commodity Marketing Symposium, March 14-16, 1977.

The three-day symposium hosted by the Board of Trade gives 4-H members nationwide an opportunity to see the Board in action, attend seminars led by marketing and trading specialists, and visit processing plants and other market facilities in the Chicago area.

Participants are selected by the Cooperative Extension Service on the basis of their records of accomplishment in 4-H projects and activities related to marketing.

Expense-paid trips to the symposium are donated by the Board of Trade. In addition, the Board provides medals of honor to as many as four 4-H'ers in each county conducting a commodity marketing program. All awards are arranged by National 4-H Service Committee.

The national 4-H commodity marketing program is broad in scope, giving 4-H members 9-19 varied opportunities to explore the economics of commodity marketing. Younger 4-Hers can visit processors, manufacturers and marketplaces to learn basic marketing principles. Older youth may choose to analyze elevator operations and their economics, or study commodities futures markets.

A commodity marketing members' manual suggests a variety of program activities for both rural and urban 4-H'ers. A new guide for leaders was made available this year with the financial and technical assistance of the Chicago Board of Trade.

Additional information on the 4-H commodity marketing program and the special educational materials is available from county extension agents.

Donors. . . .

(Continued from Page 1)

This is the second Blood Donor Recognition event held by the Grand Valley Blood Program since it was formed from the merger of the Red Cross Blood Program and the Michigan Community Blood Center in April, 1975.

Currently, only 3-5 per cent of Kent County residents are active volunteer blood donors. These regular donors contributed nearly 20,000 units of blood in 1976.

"We would like to thank ALL the people in north Kent County who so generously donated blood this past year," C. Allen Payne, M.D., program director of the Grand Valley Blood Program said.

"And we would like to pay special tribute to the 2,000 caring individuals in this county who have donated at least one gallon (8 pints) of blood over the last few years."

"If we make an error on your taxes, we pay the penalty. And the interest."

Henry W. Block

That's Reason No. 14. H&R Block doesn't make many mistakes. Our people are trained not to. But if we should make an error that costs you additional tax, you pay only the additional tax. Block pays any penalty and interest. We stand behind our work.
