

HOMESPUN DEVOTIONS

By PAULINE E. SPRAY

I have fought a good fight, I have finished my course, I have kept the faith (II Timothy 4:7).

"Just keep on keeping on" may be a rather trite statement, but it is pungent with truth, nevertheless. There is no place for cowardice or weak-hearted soldiers in God's army. There are many times when it would be easy to throw up the white flag of surrender, to retreat. We dare not retreat nor succumb. In the midst of discouragement, we must "just keep on keeping on."

"Keep on" in spite of shortcomings and mistakes. Imperfect performances are

far better than attempting nothing at all. Perseverance pays off eventually. "Keep on" doing right when criticized. Criticisms may stifle or challenge. It is important to take a positive attitude toward them. We must "just keep on keeping on" when the odds are seemingly against us. The Apostle Paul persevered for the right despite imprisonment, lashings, beatings, stoning, shipwreck, and a "thorn in the flesh." He lived and died triumphantly because he "just kept on keeping on."

Prayer: O Lord, teach me to overcome the humiliation that my mistakes bring. Help me to accept the fact that all finite mortals are subject to them. Enable me to turn criticisms into challenges and to meet life's tests victoriously. Amen.

Sun heats college building

Jordan College of Cedar Springs, Michigan, through special funding by the Dyer-Ives Foundation of Grand Rapids, Michigan, is offering a one hour solar demonstration consisting of a 10 minute, 8mm. colored film of the stages of building the solar structure, a 15 minute, 16 mm. film donated by Consumers Power Company from a recent film they shot of the solar building, and a tour of the Presidential Wing (solar building). These activities are taking place on the Jordan College campus located at 360 W. Pine Street, Cedar Springs. The tours will be conducted Mondays through Thursdays from 9 a.m. to 2 p.m. School groups, grades 4 through 12, and all college, civic, church, and senior citizen groups are encouraged to participate in this educational opportunity.

Appointments can be made by contacting Robyn Cowherd, Alternate Energy Coordinator at (616) 696-2500 or 696-0240.

Why should Jordan College wish to share its alternate energy program with all interested persons? The college agrees with the famous energy expert, Doctor Mlavsky, who recently stated, "If we want to have solar energy in our society by the year 2000, we've got to teach energy technology, energy economics, energy management — and we've got to begin today; otherwise, we'll never have a solar revolution."

Bank promotions...

continue to greet you from the front lobby desk where she handles many varied banking functions.

Joseph Clark joined Sparta State Bank in 1973 coming from Kent City State Bank where he had been employed since 1972. Serving most recently as head teller, Mr. Clark in his new position, will become involved in the bank's loan

department. Sheila (Snowden) Clark completes the other half of a husband and wife duo at Sparta State where she serves as teller with partial responsibility for the bank "direct deposit" program.

Joe and Sheila presently reside in Sparta but will soon be commuting from Joe's hometown of Casnovia where they recently purchased a home.
