

Snow Buffs set new Michigan records

LANSING — Skiing in Michigan during the 1976-77 winter season has been all uphill with record-breaking attendance reported throughout both peninsulas, according to Jack S. Wilson, director, Travel Bureau, Michigan Department of Commerce.

Wilson said dramatic gains were noted at a majority of winter resorts all over the state, with minor exceptions. He said the winter period, to date, has surpassed last year's record season.

"The spinoff benefits of the record patronage at Michigan's ski and winter resorts has a positive effect on employment, both seasonal and full-time," Wilson pointed out.

U.P. ski hills reported increases from 20 to 30 percent over last year's record season. The holiday period patronage was well above all previous seasons.

Increases throughout the

state were attributed to early-season and heavy snowfall; targeting, marketing and promotional activities coupled with an aggressive winter campaign; improvement of facilities and the lack of snow at the popular western ski areas.

Average increases in western Michigan were from 10 to 12 percent with one area reporting a gain of 40 percent over last year.

In eastern Michigan, winter recreational business hit an all-time high with an overall increase of 25 percent and a 30 to 35 percent gain in downhill skiing. A cross-check of various communities showed participation in cross-country skiing was breaking all records.

Both downhill and cross-country skiing showed increases from 10 to 20 percent at ski resorts in southeastern Michigan. Interest in ice fishing and

skating was reported high at the southeast area metropolitan parks.

"With continued favorable weather conditions during

the next two months there is every reason to believe that winter sports activity this year will break all existing records," Wilson said.

Solar Class for builders

Most Americans are now aware that alternate energy sources are essential to man's existence. In Washington, the Energy Research and Development Administration (ERDA) spent 7.5 million dollars in 1976 and will spend nearly 10 million dollars in 1977 for exploration into the field of solar heating and cooling.

Jordan College has been the recognized leader and authority in the solar field for the last several years. The campus and faculty demonstrate where the action is in Michigan.

The Solar I class was so successful in the fall 1976 semester, that it is to be repeated beginning January 26, 1977. Solar II will be

added to the curriculum on Wednesdays at the same hour. Several business men are enrolled.

The class meets fifteen times and costs \$51 plus a lab fee of \$15. The \$66 is a real bargain in the light of other seminars which cost up to \$600.

Builders should be exposed to this new multi-billion dollar industry. Those who know what is happening will be leaders in the field.

Registration can be in person at Jordan West, by telephone - 696-2230.

BOOMS RED & WHITE TOP SILOS — SINCE 1929

Building better silos for 48 years now. Why not get the BEST at a FAIR PRICE from your LOCAL DEALER where you have PARTS & SERVICE after the sale. It will PAY YOU to contact us now for EARLY ORDER DISCOUNT. Booms Silo Co., Inc. at Harbor Beach, Mich., 48441. Phone: 517-479-6654 or BETTER YET contact your LOCAL DEALER. Varsity keeps rollin'

By JIM EMERY

Kent City's Varsity Basketball Team picked up their ninth victory in eleven starts as they annihilated non-league foe N. Muskegon, at the loser's court, 80-48 on January 18. This fifth consecutive Eagle win was highlighted by having 11 of the 12 team members score.

The Eagles outscored the host team 14-9 during the first quarter, hitting on 50 per cent of their field goals.

Scoring six points for the Eagles was Doug Weston, who is now averaging 10.8 points per game.

Kent City was hot the second period, as they sank 12 of 18 field goals for a fine 66 per cent. Doug Weston and Harry Kukla each tallied six of their team's 27 second quarter points, which gave the Eagles an overwhelming 41-18 half-time lead.

The third stanza saw John Doane score 11 of his game high 17 points, many coming

off rebounds which he converted into baskets. Doane also ended the contest as the Eagles top rebounder, gathering in 13.

The fourth period showed almost all the team members scoring. However, North Muskegon did outdistance the Eagles 19-16 during the eight minutes.

Kent City was led by Doane with 17 points, followed by Weston with 14 and Kukla with 12. Kukla also had five steals, leading the team in that department.

Although Kent City made 33 field goals compared to North Muskegon's 15, they managed to make only 48 per cent of their free throws. North Muskegon, on the other hand, took advantage of their charity tosses, connecting on 75 per cent. Other statistics the Eagles can be commended on were their total of 19 assists and 20 steals.

Notice

Anyone having sizeable quantities of newspaper, magazines, and other types of paper is invited to drop by the Church (4435 Cannonsburg Rd.) on January 29. Free pick-up of large quantities is available by calling 364-0757 or 874-8221. This paper drive will help cover the cost of a recent Church insulation project. Thanks for your help!

Ostomy Chapter

The Grand Rapids Ostomy Association will hold its next meeting on Tuesday, February 1st, from 7-9 p.m. at the Kentwood Library on Kalamazoo Avenue SE, Kentwood. Mr. Henry Bengelink will be our guest speaker. His topic will be "Seeing the United States", which will be depicted through a slide presentation. All ostomies, family, friends and the public are invited. Refreshments will be served. If you have any questions, please contact Mrs. Florence Dickerson at 455-0634.
