

Arthritis Foundation

Arden Alexander, M.D., a rheumatologist from But-Muskegon will speak on "Systemic Lupus Erythematosus", also known as S.L.E. that can affect organs throughout the body. The meeting will be January 19/77 at 7:30 in the new auditorium at But-Muskegon Hospital. Question and answer period will follow the meeting which is open to the public. The Michigan Chapter is funded almost entirely by the United Way of Michigan.

Notice

Jordan West

"If I attended Jordan College or Jordan West, will the credits I earn transfer to other colleges?" This is a question often asked by concerned students who want their hard-earned credits to be accepted by other colleges and universities in case they decide to transfer or go on for graduate work. The fact is, Jordan College enjoys excellent credit transfer and a C3 rating in the AACRAO Handbook, the highest academic rating for a non-member of a regional accrediting agency. A few of the better-known colleges and universities accepting Jordan College and Jordan West credits are University of Michigan, Andrews University, Grand Valley State College, and Calvin College.

"But I'm a veteran, and I want to use my GI benefits!" Great! All the programs offered at Jordan College and Jordan West are approved by the Veterans Administration. In fact, veterans make up 20 per cent of the total Jordan West student body.

If you have considered in the past or are presently considering attending Jordan College or Jordan West but wondered if your credits would transfer, your worries are over. Registration for second semester classes will be January 10 through 22 at the Jordan West Central Office located at 790 17 Mile Road. Classes begin on January 25. A free copy of the entire class schedule is available by calling 696-2230. Your personal visit will be welcomed. Office hours are 9-5 Monday through Saturday and until 9 p.m. Tuesdays and Thursdays.

Senior Citizens Fellowship

By ARZIE L. PINCKNEY

We are slowly getting back in the old groove. We had 78 regulars out for a cup of coffee and a donut with one new recruit. We were glad to welcome Mr. Harold J. Wilson from Sparta with us. We hope he enjoyed the meeting with us and will plan to be with us every week.

We had a good report from our sick folks. Both of our long time friend and members, George Carr and Wm. (Bill) Axford are much better but they are not sure just when they can be on the job. We all hope that it will be soon. We were all happy to have our song leader, Chas Potes back on the job after being confined to his home for several weeks. We received a good report from our long time friend, Guy Verberg is still on the gain and we are all happy to learn that. We understand that Chas. Berger will have

to have more surgery on his leg. We are sorry to report the passing of Mr. Wm. (Bill) Reaman. Bill has been so sick for a long time. We extend our heart felt sympathy to Mrs. Reaman and her family. Mrs. Reaman is still in the English Hills Nursing Home in Grand Rapids.

Now, here is a little good news. On Jan. 27 at noon (12 o'clock) we will celebrate our 12th birthday with a pot-luck dinner with the ladies. This is something that we all look forward to each year. So, ladies and gentlemen mark that down in your date book. Bring your own table service and a dish to pass and have a good time.

We were sorry to learn that Arthur Steg is now in the Cedar Springs Nursing Home and is the room mate of our regular member Mr. Ray McIntyre. And that's the way it had to be Jan. 6, 1977.

State Police Retiree

Michigan State Police Sgt. Donald E. Kaiser, 48, of the district emergency services division at Rockford, retired effective Monday, January 10, after nearly 26 years of service. Col. George L. Halverson, department director, has reported.

Kaiser enlisted in the State Police in February, 1951, serving first at the Jackson post before transfer in 1954 to Detroit.

On promotion in 1965 to corporal, Kaiser was assigned to Grand Haven. He then was transferred in 1966 to the civil defense division at Rockford district headquarters where he earned promotion to

sergeant the following year. The division name was later changed to emergency services by the department.

During his career Kaiser earned a meritorious service citation for his part in an incident during the state prison riot in 1952 at Jackson. He also earned a life saving citation for his part in 1971 in resuscitating an infant at the Rockford post.

Kaiser was born at Detroit and graduated from high school at Center Line, later attending Central Michigan University at Mt. Pleasant for a year. He and his wife, Patricia, have three sons and a daughter.

Well Child Clinic

The Kent County Public Health Service holds a Well Child Clinic every third Monday of the month at the Town Hall in Kent City. All residents of the area are invited to bring their children in for immunizations and physical checkups on a regular basis. There is a doctor present, and there is no charge for the service. To make an appointment, call 887-8663, or stop by the Sparta Community Center, 210 Olmstead St., Sparta, at Balyeat Field.

The Health Department urges parents to make use of this free service.

Nursery School News

Dad's Day was well attended by important people in each child's life. Our little one was brimming with anticipation days before her guest was to attend school. Dad watch me paint! Let's pound all of these nails. Dad, I want to sit on your lap for the story. Delicious popcorn and cider replenished the body and spirit. Everyone had a great time!

1977 will be a good year at Sparta Nursery Center. We were privileged to have guest speakers from the Wyoming J.C.'s Auxiliary, speaking on the topic of burns. The program was very informative, encouraging each family to discuss an escape plan and first aid for burns.

Snow, snow, snow — the children love it. They will be learning some interesting properties of snow and its disappearance. The book entitled, "A Snowy Day,"

brings back memories of tracking in the snow, making angels, knocking down icicles, and the best snowball melting in your coat pocket.

Thinking of warmer things with lovely smells and tastes. Can you guess what treat the children will warm their tummies with on blue day? Blueberry pancakes sounds terrific. They will be sure to wear their blue clothing and bring blue items of interest. "Blueberries For Sale" is a delightful story about a child and a bear exchanging places while picking blueberries.

Bears and many other exciting animals will be in the spotlight at the circus and on the field trip to the zoo in winter for the four-year-olds.

The children will have many fun-filled days this January, 1977.

Maxi-To-Mini

Hi! Well, we are starting a new year and I hope we all are thinking thin. Lois was our Queen for the week with a loss of 2½ lbs. Iris was our three months queen. Congratulations to both of them.

Lois and Mary won our

Christmas Tree Contest and they both received charms. Congratulations!

We will be starting new contests next week, so gals, start thinking thin and let's see if we can win one of them.
