News release

The Farm Bureau Life Insurance Company of Michigan, started in 1951 with 3,000 charter policyholders and now serving 80,000 customers, celebrated its 25th anniversary September 20.

From its start as an insurance company serving the needs of Michigan Farm Bureau members and their families, Farm Bureau Life has grown into one of the state's major insurers, providing protection to farm and urban families alike.

In its 25 years, Farm Bureau Life has paid living and death benefits totaling nearly \$47 million. Total life insurance in force currently exceeds \$720 million.

The Farm Bureau Life Insurance Company is one of three companies comprising Farm Bureau Insurance Group (FBIG).

Headquartered in Lansing, FBIG also includes the Farm Bureau Mutual Insurance Company and the Community Service Insurance Company.

Farm Bureau Insurance Group, an affiliate of Michigan Farm Bureau, serves more than a quarter of a million policyholders in Michigan, backed by a force of more than 335 agents and nearly 50 field claims adjusters.

Incidentally, those 3,000 charter life policyholders received a birthday present of their own when Farm Bureau Life's board of directors recently voted an additional dividend for 1977. Combined regular and special dividends for nearly all of these charter policyholders now exceed their annual premium costs.
